

COSTS

Tuition

The table below reflects standard undergraduate tuition rates for the 2024–2025 academic year. Amounts are per term, unless noted.

Undergraduate tuition, per term, fall and spring, 2024–2025

Full regular tuition, per term, fall and spring*	\$30,995
Light-load tuition, per unit	\$960
Light-load tuition, minimum	\$5,760
SB thesis-only tuition, per unit	\$960
SB thesis-only tuition, minimum	\$1,920
SB thesis-only tuition, maximum	\$30,995
Off-campus internship tuition (35% of maximum tuition charge)	\$10,850

*Full tuition in either term of the current year covers the January Independent Activities Period. Tuition rates for the summer session are published each year in the Summer Session Catalog, available in April.

Regular undergraduate students who have permission to take only a few subjects are initially charged full tuition. They may then apply to have their tuition charged at the rate of \$960 per unit with the approval of the faculty advisor. In such cases, there is a minimum fee of \$5,760 for subjects and a minimum of \$1,920 for the SB thesis. Registration for 32 or more units will be assessed the full tuition charge. Upon recommendation of a department, the Office of the Vice Chancellor may set a special tuition rate in unusual circumstances. Financial aid will be adjusted based on enrollment costs. Some classes (including ROTC and classes taken on listener status) are not included in the determination of financial aid eligibility.

Internship and cooperative programs offered by MIT provide industrial and research experience through a series of work assignments interwoven with regular study at the Institute. The tuition fee for these programs is the same as that for other regular undergraduate students.

Visiting Student Fees

Students who are pursuing a degree at an institution of higher education other than MIT and have been invited by faculty in an MIT department, laboratory, or center to do research here may apply for visiting student status. Current regular or special MIT students, or MIT students who have withdrawn or are on a leave of absence, are not eligible.

Visiting students are subject to a monthly fee that includes registration, MIT's Student Health Insurance Plan (SHIP) (<https://catalog.mit.edu/mit/graduate-education/medical-requirements>), and student life fees. The fee entitles visiting students to conduct research, use our fitness facilities, participate in student life

programming, and have access to care at MIT Medical. Full monthly fees are charged regardless of whether the student starts on the first or the 15th of the month. The total fee for the duration of their stay must be paid in full and in advance. Additional costs will be applied for those who wish to enroll family members in SHIP.

Visiting student fees, 2024–2025

Processing fee (one time)	\$1,000
Visiting student fee, includes registration, SHIP, and student life fees (monthly)	\$600
Additional family medical coverage (optional)—Partner only (monthly)	\$305
Additional family medical coverage (optional)—Dependents only (monthly)	\$93
Additional family medical coverage (optional)—Partner and dependents combined (monthly)	\$399

Withdrawal

A student withdrawing before the start of a term is not charged any tuition for that term, and any tuition payments previously made for that term will be refunded. Students withdrawing during the fall or spring term are charged one-twelfth of the stated tuition for the term for each week from the starting date of the term, with a minimum two-week charge. A student is financially obligated to the Institute for the tuition appropriate to the program approved by his or her faculty advisor at the beginning of the term. Any subsequent reduction in fees is based on the date that cancellation of subject or withdrawal from the Institute is effected. At that time, any excess payments which the student has made will be refunded.

For more detailed information regarding the cost of attendance, including specific costs for tuition and fees, books and supplies, housing and food as well as transportation, please **visit the SFS website**.

If the student receives financial aid through one of the federal student financial aid programs, and aid is reduced as a consequence of the reduced tuition, the reduction in aid will be made in accordance with current federal regulations. Contact Student Financial Services (<https://sfs.mit.edu>) for more information.
